

~~SECRET~~

6 June 1958

MEMORANDUM FOR: Chief, D/M
THROUGH: Chief, D/S
FROM: Acting Chief, S/AD
SUBJECT: 1958 Last Review Fact Sheets

1. Two sets of subject fact sheets will be handcarried to your office today. Each consists of an intelligence section (I) prepared by CIA and a technical section (FS) produced by the Bureau of Foreign Commerce.
2. These sets include only the fact sheets to which analysts of the Materials Division contributed, and are in addition to those given directly to them by personnel of the Trade Controls Branch.
3. One set is for the Office of the Division Chief. The other set is segregated and identified according to the contributing branches, i.e., M/CH, M/TF, M/PT, and M/NF.
4. The cooperation of the Materials Division on the Fact-Sheet project is very much appreciated, I assure you.
5. Our objective now is to maintain the fact sheets with the best and latest intelligence available. It would be appreciated, therefore, if you would request the appropriate analysts to be on the alert for new or improved intelligence on these items and to notify their counterparts in the Trade Controls Branch of any significant additions or modifications.
